Introduction:

“Samuday Shakti Sewa Samiti” is registered under Society with an intend of providing services to promote livelihood options to rural community. They are working on similar crafts in Kachauna, Kothawa, Bahender & Ahirori Block in Hardoi District. So soci-

ety will act as a Service Provider to rural sector for developing new cluster on natural fiber.

There are a multitude of factors that force the poor to remain confined to a vicious cycle of poverty. Limited employment opportunities due to lack of marketable skills or inaccessibility constitute an important such factor. The problem aggravates when such poor populace resides in grassroots setting where there are only a handful of activities being pursued for earning livelihoods.

The proposed intervention is aimed at addressing key gaps in the Handicraft value chain, especially in Natural fiber sector, in a holistic and replicable manner so as to promote as a viable non-farm livelihood option for the selected socially excluded communities. This will enable the traditional artisans to continue living for years to come and make way for developing the next generation of artisans.
